

## BCR<sup>®</sup> CleaNotes<sup>®</sup>

Excellent choice for small notes and reminders in cleanrooms and other controlled environments

BCR<sup>®</sup> CleaNotes<sup>®</sup> are made with 104 g/m (28#) weight cleanroom white bond paper. A special adhesive backing allows CleaNotes<sup>®</sup> to easily stick to any surface without leaving residues when the note is removed.

### Applications

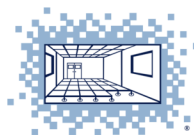

\* For documentation use in cleanroom environments in industries including medical device, pharmaceutical/biotechnology, semiconductor, optics, microelectronics or pharmaceutical compounding.

### Composition and Attributes

- \* Made from 104 g/m (28#) weight cleanroom white bond paper
- \* Available in 3 x 3" (76 x 76mm)
- \* Specialized coating to reduce particles and fibers
- \* Smooth surface reduces surface particle contamination
- \* Adhesive designed specifically not to leave unwanted residues behind
- \* Silicone free
- \* Easy to write on
